May "Third" Students

*Nolan is a great friend to all of his classmates!

*Scarlett is always willing to help our little friends in the preschool class. She goes out of her way to have a conversation with them. She helps them get their lunches from their cubbies. She holds their hand in line so they are able to keep up with the others. She is a true friend to all of them.

*Hadley is a cheerful girl and loves to give others hugs and spread joy around the school.

*Jeremiah is a wonderful example of putting others first, including Jesus. He is kind to his friends. He is helpful to me. He picks up things that are not his. He is concerned about a friend when they get hurt. He shows love in all he says and does.

*Zariah is a great friend! She is always helping other students when they are in need. She is always including other students and thinks of all her classmates as friends.

*Natalya is a wonderful friend to her classmates. She is willing and able to gently stand up to friends. She offers words of encouragement to her friends.

*Hayla is always willing to help other students. She is very kind when working with others and motivates them to complete the task. Thanks for your help, Hayla!

*Julia is a good friend to everyone. She doesn't get involved in drama and everyone can count on her and trust her. She is always willing to help others!

*Rachael is always willing to help out classmates and teachers when needed. She is concerned with classmates who are upset and works at cheering them up and making them feel better.

*Felicity is a hard worker and a pleasure to have in class. She is a willing helper and keeps life interesting with her unique point of view on life.

*Selah will do whatever she's asked to help out others. She cares very much for her classmates as well as younger students.

*Olivia went out of her way to pick up items that a classmate dropped in the hallway as they were headed back to class.

*After the instrumental concert, Annabelle helped put the hand chimes away and then took all of the hand chimes equipment down to the music room and put it away. Annabelle is always looking for ways that she can help others. Thank you Annabelle!

*Antonie willingly gave up a coveted piece of equipment during class to another student without prompting. That was very unselfish and it was great to witness his kindness!

*While we were doing an activity in Spanish, Ava noticed that another student was struggling with some of the concepts. Kindly, she asked if she could help the other student out, and moved over to help, which caused her to have to take more time on the activity herself. Thanks for looking out for others, Ava!
