

## STUDENT DRESS CODE

### **Philosophy:**

We believe that the student dress code is a valid concern of a Christian School and the Christian parent.

We believe that the student dress is primarily the duty and responsibility of parents.

We believe that the dress of our students directly reflects on our school and affects the self-image of the students and the learning environment in general.

**The principal/teachers/staff have the authority to make the decision regarding the appropriateness of a student's clothing based on the following objectives:**

- Provide a Christian witness
- Preserve and protect the health and safety of the students, staff, and property of the school.
- Promote a productive learning environment.
